

## Contents: Clock Movement Kit

1 Quartz Operated Movement (battery not included, takes 1 AA battery)

1 Hour hand, 1 Minute Hand, 1 Second Hand (Sweep)

### Assembly Instructions:

1. Slide rubber washer onto the shaft of the clock movement, pushing all the way down to the base.
2. Slide brass washer onto the shaft.
3. Slide clock face dial onto the shaft.
4. Slide brass washer onto the shaft.
5. Screw hex nut onto the shaft; be careful not to overtighten.
6. Slide hour hand onto the shaft all the way until it stops. Turn to the 12:00 position.
7. Repeat with the minute hand and turn to 12:00.
8. Press the stem of the second hand (sweep) into the top of the shaft until it stops. Turn to the 12:00 position.

**Note:** After completing assembly, ensure that the clock hands and sweep are not bent, as this will prevent proper rotation of the clock parts.

**WARNING: CHOKING HAZARD**—Small parts  
Not for children under 3 years.
